Visit Report

Event: Industrial visit to RMC Plant and stone crusher plant

Date: 10th December 2022 Time: 10.00 am – 1.00 pm

Venue: Desai RMC plant, At- Nagewadi, Dist. Satara

Participants: 30 Students and 2 Faculty Members

Organized by: Department of Civil Engineering

Department of Civil Engineering organized an industrial visit to RMC plant and stone crusher plant for Final year and third year students on **10th December 2022** for Construction Techniques subject. **Mr. Deshmukh Amol, Plant Supervisor** explained the information regarding Concrete Mix Plant Capacity, mixing process, Testing Unit of Concrete, Material used in Concrete, Design parameters, etc. He also shared knowledge about their Experience regarding to Concrete Mix. They also prepared the dry concrete mix mixing of cement, sand and aggregate with addition to control water cement ratio. The concrete is poured in the transporting truck and transported to the construction site. They show the laboratory which is situated at the plant. Laboratory assistance shows us the test conducting on Concrete materials and hardened concrete samples. They perform the compression test of concrete also. They gave the information about the software use for the running plant to the students.

Crusher Plant is a set of equipment that could crush large block material by multistage crushing and screening on the basis of specific discharge specifications. On site Students gets knowledge regarding Crushing Plant Startup Sequence & Procedure. Various sizes of coarse aggregates and crushed sand are available on site.

Visit Report

Event: Industrial visit to Satara Railway Station, Satara

Date: 19th December 2022 Time: 10.00 am – 1.00 pm

Venue: Satara Railway Station, Satara

Participants: 30 Students and 2 Faculty Members

Organized by: Department of Civil Engineering

Under the Infrastructure Engineering & Design of Steel Structure subject, the Department of Civil Engineering organized an industrial and educational visit to Satara Railway Station for Final Year & Third Year Students on **December 19, 2022**. **Mr. Karpe Kishor (Station Manager)** provided an in-depth explanation of the Railway's Signaling System and interlocking systems. Additionally, he provided information about their experience using the interlocking system and controlling railway traffic.

Prof. Shaikh A.N. gives detailed knowledge regarding Railway Engineering components i.e. Types of Rails, joints, Sleepers, Ballast, Signaling system etc.

Prof. Shah A.S., faculty of Civil Engineering Department, Faculty of Engineering, Yashoda Technical Campus, gives detailed knowledge about Steel Structure, and Different types of connections, I-sections, H-sections, CHS (Circular column Hollow Sections), Angles (equal and unequal), Lacing and Battening System. Students also able to get knowledge of Base Plate, Pedestal, different types of Truss, Purlins, Tie sections, Welded connection, Riveted connection and Bolted Connection. Foot Over Bridge etc.

The visit was organized with the prior permission & by the initiative and hard efforts of head of Civil Engineering department Prof. Borate P.G., & subject teachers Prof. Shaikh A.N. & Prof. Shah A.S., guided the students. Along with the staff members, students of Final Year & T.Y Civil took hard efforts and initiative under the continuous guidance subject teachers, which makes this visit a grand success.

DEPARTMENT OF CIVIL ENGINEERING
A REPORT ON ONE DAY INDUSTRIAL VISIT**

Place of visit: CONSTROTRAIT MATERIAL TESTING LAB, WAI, SATARA

Date: 5TH July 2023.

Time: 2.00 PM onwards

Participants – 18 Students and 1 Faculty Member

Organized by – Department of Civil Engineering

A batch of 6th semester students of Department of Civil Engineering, under the guidance of **Prof. Shah A S**, visited *Constrotrait Material Testing Lab at Wai, Dist. Satara*. This visit was mainly focused on to understand the procedures involved during construction material testing, the technology and the equipment used. Students were split into two groups. **Er. Mukund N. Gaikwad**, Chief Executive officer explained about the facilities available inside the lab, their methods of testing the construction materials, the equipment used for the testing the construction materials and their storage and various Indian Standards. He also explained about the maintenance of the equipment and ethics considered during testing the materials. After the information, actual demonstration was arranged about the testing the materials.

About CONSTROTRAIT MATERIAL TESTING LAB-

It is first ever **NABL accredited** material testing lab in Satara district established in 2021.

OUTCOME OF THE VISIT:

- The technology and the equipment used for testing the construction materials was made familiar
- The various processes involved in material testing & need of calibration were explained.
- Discussion on the difficulties faced and possible solutions to overcome these difficulties was held.

A REPORT ON ONE DAY INDUSTRIAL VISIT**

Place of visit: UNDER CONSTRUCTION SITE OF BUNGLOW, PACHWAD, SATARA

Date: 5TH July 2023.

Time: 2.00 PM onwards

Participants – 18 Students and 1 Faculty Member

Organized by – Department of Civil Engineering

A batch of 6th semester students of Department of Civil Engineering, along with faculty **Prof. Shah A S** visited *Under Construction Site of Bungalow, Pachwad, Satara*. This visit was mainly focused on to understand the procedures involved during construction of building, the technology and the equipment's used. Students were split into two groups. Er. Gaurav D. Gaikwad (Contactor, Jayashri Group of Constructions) explained about the construction techniques, precautions during construction, rate analysis & estimating. He also explained about the maintenance of the equipment and ethics considered during construction.

About Construction Site-

It is located at Sartale village in Pachwad, Tahsil Wai, Dist. Satara. Total construction area is about more than 2500 sq. ft. The bungalow has great designed as per architectural features.

OUTCOME OF THE VISIT:

- The detailed procedure during construction was made familiar
- The various processes involved in estimating & rate analysis were explained.
- The procedure of agreement was explained.

Industrial visit report

- **Title Industrial Visit – Shree Tools**
- **Date of visit conducted: 11/11/ 2022**
- **Class: Final Year BTech**
- **Subject: “Manufacturing Process- III” & “Manufacturing Process Lab-II”**
- **Name of staff: Mr. Rathod M. L. and Mr. Nimbalkar P. P.**
- **Number of Students: 23**
- **Industry address: Shree Tools**
Plot No. H20/2, Old MIDC, Manik Nagar,
Satara, Maharashtra 415004
- **Name of concern person/HR of the industry: Mr. Shriram Dixit**
- **Contact No : 9822 2583 85**
- **Objectives of the visit:**
 1. To Study the Non Traditional Machines
 2. To study the Vertical Milling Centre
 3. To Study Press Tools

About Shree Tools:-

Shree Tools was established in 1997 and has grown since that time to become the leaders in the manufacturing of Press Tools, Moulds, Metallic Patterns, Die Casting Dies and various components on V.M.C. Machine, Spark Erosion, wire EDM, LASER Beam Machine. Quality and trouble-free performance of our products made us to sustain the good position in the market. Shree Tools was started in 1997 with 4 persons. Our proprietor Mr. Shriram Dixit passed his B.E. in Mechanical from Walchand College of Engineering, Sangali, and then completed P.G. in Tool Design from C.I.T.D. Hyderabad.

Summary: Industry Visit is organized to give practical exposure to students apart From the theoretical knowledge they gain through classroom lectures. The Visits are regarded as an integral part of students learning. As students visited and looked at all the machine operations shearing, forming, piercing, punching, blanking, bending, assembling, grinding, finishing, Besides mechanical & hydraulic power presses. And also students seen the Spark erosion machine operation, Wire EDM Machine operation, LASER Beam Machine operation VMC Machine operations

Dear Sir/Madam,

With reference to above subject, department of Mechanical Engineering of YTC, Satara wish to have one day visit in Second week of November 2022, under subject "Manufacturing Process - III" & "Manufacturing Process Lab-II" to your industry as a part of Dr. Babasaheb Ambedkar Technological University, Lonere curriculum and student development.

The details of the visit are as mentioned below:

- To Study the Non Traditional Machines
- To study the Computer Numerical Control Machine
- Press Tools

Total strength wish to visit is 32

No of students: 30 (Final Year BTech)
No of Staff: 02

It would be fruitful if you permit us for the visit at your industry.
Waiting for your favorable reply.
Thanking You.

- Objectives of the visit:

1. To Study the Powder Coating
2. To Study the Press Tools

About Khutale Engineering Pvt. Ltd.:-

Khutale Engineering Pvt. Ltd. established by Mr. Shirish P. Khutale CMD of company in 1996. The company is an ISO 9001-2015 QMS, ISO 14001-2015 EMS & CRISIL rated SEIB company. A leading manufacturer of sheet metal pressed components, tubular fabrication, assemblies with conveyORIZED Powder coating, Zinc Plating, Inspection – Testing, ETP and allied facilities in India. The main operations performed at our unit are shearing, forming, piercing, punching, blanking, bending, welding, assembling, grinding, finishing, pretreatment, powder coating, zinc plating. Besides mechanical & hydraulic power presses, the company also has NC Hydraulic shearing, CNC press brake, CO2 & spot welding machines

Summary: Industry Visit is organized to give practical exposure to students apart From the theoretical knowledge they gain through classroom lectures. The Visits are regarded as an integral part of students learning. Industrial Visit at Jijau Software Solutions Pvt. Ltd

MCA Department had organized an Industrial Visit at Jijau Software Solutions, Molacha Odha, Satara on 10th September 2022 from 11:00 AM to 2:00 PM. Prof P.S. Gade along with Central TPO Mr. Tushar Shende Sir had organized this Industrial Visit.

Company Name: Jijau Software Pvt. Ltd, Satara

Industry Expert Name: Mr. Rohit Bhole

Industrial Visit began at 11:00 AM from Yashoda Technical Campus, Satara. Prof P.S.Gade and Prof V.V.Kadam Ma'am had organized bus from college campus for ease of students. We reached at the venue and Mr. Rohit Bhole, CEO of Jijau Software Solutions Pvt Ltd, welcomed us all with great enthusiasm. He was excited to interact with students.

Mr. Rohit Bhole Sir, while interacting with students gave a overlook to the current trends in industry. He explained the various roles and position that one may seek while working in IT Industry. The technologies the IT Industry is expecting from the young crowd. While explaining this, he shared his experiences while working with various Clients.

Mr. Rohit explained in detail the technologies that are quite trending in world right now. How the trend is set up, how the customers and user crowd is gained. He expects that students should be clear with their thoughts that where are they going: Service based Industry or Product based Industry. He explained the difference between the two.

Finally he concluded his session by giving a detailed explanation on the project Jijau Solutions is working on. Interacted with students; resolved many doubts of students. The session was interactive and information and interesting. We returned back to college at 2:15 PM.

The Industrial Visit was worth visiting as students gained insights of an IT Industry and the different phases one needs to go while developing a Project. Students liked the visit.

Report On Industrial Visit (1day)

Date: 23/01/2023

Training and Placement cell of MCA Department had organized an Industrial Visit Program to Pune, on 21 January 2023. All students were asked to gather in Yashoda Campus, sharp at 7:30 AM. 40 students attended the visit and 3 faculties accompanied them.

Visiting Time: 11:30 AM

Company Name: MD India Health Insurance TPA Pvt Ltd :

The MD India Team gave a warm welcome to all the students. Initially they provided us with visiting ID's. Everyone was assembled in their Conference Hall. Mr. Amit introduced himself and gave a brief about the company. He explained what is Third Party Administration and its working and briefed that MD India's has 150 branches all over the India. MD India is the 2nd rank of in Insurance Company all of India. MD INDIA, as a Third Party Administrator (TPA) has not only grown in numbers – from about 20 to more than 7,000 highly skilled and competent personnel since it commenced operations in the year 2000 – but has emerged as a leading TPA in India, priding itself on the value-added services it provides clients and end customers through customer centricity and innovation with continually evolving expertise in technology, operations and medical proficiency.

Mr. Hemant Shende, IT Head at MD India gave a complete tour of their system the modules and the hierarchy within the system. He explained each and every component very satisfactorily. Students were having tons of queries and all them were answered properly.

At last, refreshments were served to all students and we adieu a goodbye to the company.

Company Name: Friends Union for Energizing Lives (FUEL) Training Center:

The tour then headed towards Friends Union for Energizing Lives (FUEL) Training Center at Bhugaon, Pune. At fuel everyone welcomed us and everyone was assembled in the Conference Hall. All our faculties were felicitated. Miss. Ayushi started the session. She taught our students how to present and introduce themselves. She gave certain scenarios and then told them the expected result. Students were learning a lot from the various scenarios. The next session was about resume building. A deep interaction was going on between students and the trainer. Many points in resume building were discussed and confirmed. The students were able to design their resume up to some extent. Then FUEL Institute took some activities like story making and how to introduce itself and how to develop skill and how to make your resume strong.

Lastly they gave us a tour at their center. They showed their development area, library, brain storming lab, assignment labs, training classrooms, digital library and dining areas.

At 7 PM, we headed towards Satara and after having our dinner, we finally reached at Yashoda Campus. Students really enjoyed the visit and thus, the Industrial Visit was a success.

Report on Seminar/Conference/Workshop conducted

Title: State Level One Day Workshop on Evaluation and Assessment in line with NEP-2020

Date(s): Monday 24th April 2023

Preamble:

A One day workshop on Evaluation and Assessment in line with NEP-2020 has been conducted on 24th April 2023, at Yashoda Technical Campus, Faculty of Pharmacy, Satara in order to disseminate importance of National Education Policy-2020 amongst Pharmacy Teachers across the Maharashtra state. This workshop was in association with Dr. Babasaheb Ambedkar Technological University, Lonere and in collaboration with APTI Maharashtra state.

Participant's Profile:

A total of 60 delegates from various institutes of Maharashtra state were participated.

Description about the Program:

The inauguration of the workshop was held with the auspicious hands of Chief Guest Dr. Harshdeep Joshi, OSD, Affiliation and Asso. Professor, Department of Mechanical Engineering, DBATU, Lonere, President of YSPM Prof. Dasharath Sagare and Guest of Honor Dr. Narendra Jadhav, Associate Controller of Examinations, DBATU Lonere along with Principal Dr. V. K. Redasani and Co-ordinators Dr. V. J. Chaware and Dr. P. D. Jadhav.

Dr. V. K. Redasani Principal and Member Executive Council, DBATU, Lonere delivered the welcome address mentioning the achievements of the Institute. He also expressed the gratitude to the University and APTI-MS for providing the association to this workshop. He mentioned that this is the platform for the teachers to know and get resolve the queries related to the examination system. He also stated that the Evaluation and Assessment are the key factors in NEP 2020.

Founder President Prof. Dasharath Sagare presided over the function. He appreciated the University to guide the teachers of university. He mentioned that such kind of workshops will help to upgrade the teachers.

In the key note address, Dr. Harshdeep Joshi emphasized the role of teacher in Examination, Evaluation and Assessment. He has also mentioned the duties of teacher beyond teaching and guided the teacher to take efforts for teaching and also maintain the records properly. He has given the insight of NEP 2020.

Dr. Narendra Jadhav has delivered the talk on Overview of University examination system. In his lecture, he elaborated examination system pattern, online evaluation system, setting of question papers. He has answered all the queries raised by the participants.

Principal Dr. V. K. Redasani spoke on the assessment and marking scheme. He also inculcated

Guest Lecture on Automation Testing

Date: 21/11/2022

MCA Department had organized a one-day guest lecture another exposure to one of the most trending designation in IT i.e. "Automation Testing". We had organized a session on "Automation Testing for Web Applications using Java and Selenium. The Industry Expert Mr. Suraj Shelake Sir was been invited the session. He has a total experience of 4 year as Programmer Analyst and currently working with Cognizant. Prof P.S. Gade Ma'am welcomed our guests and HOD Ma'am gave Introduction to students.

Name of Guest Speaker:

Mr. Suraj Shelake, Automation Tester, Cognizant, Pune.

Mr. Suraj Shelake Sir explained from very basic that is what is software, what are the different positions in a company that students can apply for, who is software developers, automation tester, etc. **Automation Testing** is a software testing technique that performs using special automated testing software tools to execute a test case suite. On the contrary, Manual Testing is performed by a human sitting in front of a computer carefully executing the test steps. The automation testing software can also enter test data into the System under Test, compare expected and actual results and generate detailed test reports. Software Test Automation demands considerable investments of money and resources.

While explaining testing, he gave hands on while doing automation testing on Yashoda Technical Campus's website. He trained students by giving live examples. Thus told students the importance of testing and using automation technology also means that testing can be done more frequently, improving overall functionality. Software development cycles call for repeated testing, often the same test over and over again. Automation testing makes this possible, without taking team members away from other work. It can also deliver more accurate and reliable results than manual testing alone. Further ensuring that the product is ready for market or to move onto the next stage of development. This validation gives the team a boost to continue developing.

The session was concluded by discussing various upcoming topics and market study. The students liked the session and were expecting to conduct many more similar sessions. Market recession and its impact on graduating students and how the students should be ready for any situation was thoroughly discussed by Mr. Shelake Sir, thus the session was very energetic and engaging for the students.

The three days Orientation Program was thus, concluded by Prof P.S. Gade and she gave vote of thanks.

Report on Full Stack Development

Date: 29/11/2022

MCA department had organized the SDP on Full Stack development on 26/11/2022. The SDP was basically given on the conceptual knowledge about the fundamentals of Java Programming.

Eminent Speaker: Mr.Sanket Gharge and Mr.Shubham Mane

Location: Pink seminar Hall

The program was started by welcoming the guest speakers. Dr.Sunita Jadhav ma'am HOD of MCA department was felicitated to all the eminent speakers.

In throughout of session sir has elaborated the concepts of Java in very efficient manner. The basics of OOP's concept and the demonstration of all the OOP's methodology were described well by both the eminent speakers.

Starting from Java as a Full Stack Development he explained how Java is important in the various sectors in accordance to getting more advance in the web development also how the Java's concepts are most used in Testing. The automation testing is one of the most vital parts.

He also guided our students on topic like Front-end, middleware, and back-end.

In front-end he explained HTML, CSS, javascript, bootstrap, angular, reactJS. Again he gave the brief demonstration on how the Java is more in advance in each aspect.

He elaborated the concepts like SQL, Oracle, MySQL, MongoDB, CosmosDB , PostgreSQL . He also elaborated the GitHub mechanism to our students as how could they import the code and get a link of the same project or module.

Both the eminent speakers were very interacting as they have elaborated each and every concept in very efficient manner.

By this overall session all the students were so happy with all the discussion by our eminent speakers. At last HOD ma'am Dr.Sunita Jadhav has given the vote of thanks.

ONE PAGE INDUSTRIAL VISIT REPORT

Name of Industry : Infosys BPM Ltd. HRD-Pune

Date of Visit : 28th January 2023

Subject : IT Industry Requirement today

Visit for : Second Year BTech Computer Science and Engineering Department

Infosys BPM Provided information to the students that, if you're starting out your career, Infosys BPM arms you with all the tools you need to succeed. When you begin, you'll be part of an intensive and memorable training program that is widely recognized as one of the best in the world.

During your training period, you'll discover your best skills. And soon enough, you'll be with one of our many business units – creating what's next for the world's largest companies. And with our culture of always-on learning, you can be a master of many trades – whether it's cognitive learning, autonomous technology, data science, or user experience.

When you join Infosys BPM with experience under your belt, you're signing up for a career where you make the most of your talent.

We believe that to succeed as a company, we need to provide you with the right learning opportunity for each unique aspiration. That's why we have workshops, programs, and courses to develop your managerial, process, industry, technical, and leadership skills – ranging from design thinking your way to awesome apps, to mastering data science. Whether you want to master a single domain or explore a career in a different domain, Infosys BPM will help you get there.

After the connect session, Students have asked various questions to them and the company staff members have solved the student's queries. Also, they have arranged some games for students. Then they had provided us a Campus Tour and also given detailed information of the various departments in the company and all working culture and the services they provide.

ONE PAGE INDUSTRIAL VISIT REPORT

Name of Industry: College of Engineering, BHAU Institute Pune. (Mayuresh Sir)

Type of Industry : Innovation & Incubation center

Date of Visit : 6th Dec 2022

Subject : Innovation & Incubations

Visit for : Third Year BTech CSE Department

Number of Students: 38

Introduction of Industry:

COEP's BHAU Institute – Bhau Institute of Innovation, Entrepreneurship and Leadership was set up by Mr. Narendra Kale, an alumnus of COEP (1974) and Mr. Sanjay Inamdar, a successful entrepreneur to promote incubation of enterprises from amongst COEP students.

The Idea behind Bhau Institute

"BHAU" means elder brother. An elder brother is a unique person for the young siblings in Indian culture. You enjoy a special relationship with him; He is the one you lean on for guidance, support and a helping hand in all your adventures. He allows you to fall down; helps you pick yourself up and run again. He provides just enough guidance to get you going and gradually launches you into the real world. This is the spirit for BHAU institute - It will encourage students not only to find their own calling but go it unleashing their full potential. It will provide just enough guidance for them to support their dreams and ambitions. We desire our students to be entrepreneurs in their own right, finding their own place under the sun.

Students were made aware of the following topics

1. IT Industry Requirement today
2. Ongoing Innovative Projects at BHAU Institute.

DIRECTOR
Yashoda Technical Campus
Satara

3. Incubators are designed to nurture new and small businesses by helping them survive and grow through the difficult and vulnerable early stages of business.
4. BHAU hosts events related to its focus areas and also on Innovation, Entrepreneurship and Leadership. These events are locally integrated and globally connected to enable cross-border collaboration for start-up creation.

Report on YashoTechfest 2022

Date: 10 July 2022

YSPM's Yashoda Technical Campus had organized State level Event "YASHOTECHFEST 2022" on 9th July 2022. There were various events from CSE Department. There were about 75 students participated for the event.

YTC's CSE Department had organized "Paper Presentation", "Project Exhibition", "Coding Competition" event".

Paper Presentation:

For Paper presentation Prof. U. M. Bhokare madam was the Coordinator and Mr. Dnyaniya Gurav from final year BTech was the student coordinator of the Paper Presentation. There were total 13 groups (approx. 32 students) for Paper Presentation from various colleges.

Project Exhibition:

For Project Exhibition Prof.H.O.Tapase madam was the Coordinator and the judge was Mr.Vikas Gaikwad from Webotix PVT. LTD. Mr. Aniruddha Nalawade from final year BTech was the student coordinator of the Project Exhibition event. There were total 12 groups (approx. 26 students) for Project Exhibition from various colleges.

Coding Competition:

For Coding Competition Prof.A. A. Shikalgar madam was the Coordinator and Mr. Ayush Soni from TY BTech was the student coordinator. There were total 15 students from various colleges.

Following table shows the Winner and Runner-up based on the assessment criteria. of the event with their prize and college name.

Rank	Event	Name of Student	College Name	Prize
1 st	Project Exhibition	Rutuja Sanjay Kadam and Group	KBPCOE, Satara	Rs. 1500 cash prize with certificate
	Paper Presentation	Aditi Loni and Group	YTC, Satara	
	Coding	Neha Bobade	YTC, Satara	
2 nd	Project Exhibition	Shridhar Prakash Aware and Group	AGCE, Satara	Rs. 1000 cash prize with certificate
	Paper Presentation	Snehal Barge and Group	KBPCOE, Satara	
	Coding	Gharge Vinayak	KBPCOE, Satara	
3 rd	Project Exhibition	Aniruddha Sanjay Nalawade	YTC, Satara	Rs.500 cash prize with certificate
	Paper Presentation	Aman Kadamand Group	YTC, Satara

The Activities under taken during this program, at Civil Seminar hall are: Musical Chair, Antakshari, Ramp walk and also individual performance was there. All the teaching and non-teaching staff members of YSPM, from different department are participated.

Preface of the program was given by Dr. Mrs. Chaware, ICC secretary, YSPM and Vote of Thanks given by Dr. S. V. Balshetwar, HOD of Computer Science and Engineering and ICC chairman, YSPM.

All members of different college and departments helped in organizing and managing the program (Dr. Mrs. S. V. Balshetwar, Dr. Mrs. Chaware, Dr S. A. Bhosale, Prof. Vanmala, Prof. Amruta mohite, Prof. Vijaya Pawar, Mrs. Anuradha Jagtap, Prof Ketaki Idate. Prof. Shedge, and many students) Overall a very good team work from entire YSPM ladies' staff.

Without guidance of Dr. V. K. Redasani and Prof. R. D. Mohite it would have not been possible.

'Work-Life Balance of Women Entrepreneurs' Women's Day Celebrated

Yashoda Technical Campus, Satara celebrated International Women's Day. Gita Mamania, a successful woman entrepreneur from Satara, said that one can achieve great success in any profession in life if one is self-reliant and willing to work hard. She was speaking as the chief guest at a seminar on 'Work-Life Balance of Women Entrepreneurs' organized at the MBA Department of Yashoda Technical Campus, Satara on the occasion of International Women's Day. The management education system covers various entrepreneurial topics along with the job and how to become a successful entrepreneur and students should cultivate the spirit of working competently in any situation, she said. While interacting with the students, he gave in-depth guidance on managerial skills and its proper use for the holistic development of the students as well as the duties and responsibilities of the youth towards the country. He appealed to the people not to give up honesty and prayer to survive in the age of competition. R.D. Mohite, Dr. R. R. Chavan and Prof. M. V. Landge were present on the occasion.

GUEST LECTURE REPORT

Topic- To become Atmanirbhar

Guest Lecture was successfully organized by Yashoda Technical Campus, Faculty of Pharmacy on 25.3.2023 at 11.00 am. Resource Person Mr. Vijay Thakkar, Technical Analyst, Positional Trader and Trainer, Pune has taken a lecture on topic "To become Atmanirbhar" for B. Pharm. and M. Pharm students. Our Principal Dr. V. K. Redasani introduced the guest and felicitated him by giving bouquet. Mr. Vijay Thakkar has 15 years' experience in the field of stock market. He has delivered lectures in various organizations and Universities. When India speaks about becoming self-reliant, it does not advocate self-centered system. In India's self-reliance, there is a concern for the whole world's happiness, cooperation and peace. Atmanirbhar Bharat is the vision of New India envisaged by the honorable Prime Minister Narendra Modi. The aim is to make the country and its citizens independent and self-reliant in all senses. Total of around 67 students and staff participated in this programme. The speaker explained the Basics of self-reliant in detail. The lecture also discussed about the possibilities and reach abilities of becoming self-reliant in every field. The recent works on self-reliant projects handled by their team are discussed and finally directions in the area of becoming self-reliant are shared with the participants. After his lecture the delegates were given time to interact with him. Participants felt that the session was more informative and interactive. At the end of the guest lecture, two students gave their feedback, and explained how they were benefited. All students expressed gratitude towards organizing committee. At the end of session, Dr. Vitthal Chaware proposed the vote of thanks.

Industrial Visit cum workshop Report

Name of Company: - BioEra Life Sciences, Tathawade, Pune.

Date: - 15/11/2022

Time: - 10.15 am To 6.15 pm

Report on Industrial Visit cum workshop
(BioEra Life Sciences, Tathawade, Pune)

As an essential part of academic curricular activities industrial training, industrial workshop played a crucial role in the development of student's skill and knowledge. To acquire clear understanding of practical and application context of any technology is critical for everyone working to create lasting, meaningful change in the era of life technology. Hence we decided to offers an industrial visit, workshop and training's exploring the essentials of life sciences related technology to develop expertise.

BioEra offers state of art services required for Life Sciences sector. They are fastest growing Indian biotech company with diverse range of offerings into instruments, bio-tech research, and development & manufacturing; a one stop solution for all your requirements in biotechnology and bioinformatics.

BioEra develops and manufactures best in class laboratory instruments and consumables that perform consistently at the highest level of precision and accuracy. They are committed to offering their customers the finest quality and the most dependable laboratory products available anywhere.

BioEra strives to introduce new & innovative products for emerging markets globally. BioEra stands firmly to provide an unequalled commitment to supporting its customers beyond the initial sale by providing the finest quality products and services. So we decided to offer industrial visit cum workshop training at BioEra Life sciences Pvt. Ltd, Pune.

As per schedule given we all staff and 42 students from M.Pharm and B.Pharm final year reach at BioEra premises at 9.45 am. After registration and breakfast formalities industrial visit was carried out in their premises in different departments. After induction of all departments training programme was carried out by giving detailed demonstration about system including operation, cleaning, validation and also individual practical's on below themes-

- Lyophilizer
- Gel electrophoresis
- Spectroscopic methods and
- PCR

Following are some of the brief details for which BioEra can actively engross to conduct the workshop and Training's. Each workshop and training includes interactive lectures and

Report on Stress Management through Yoga
Practices

1. BACKGROUND

The one day programme was arranged at YSPM's, Yashoda Technical Campus, Faculty of Pharmacy, Satara from 17th Jan, 2023.

A total of participants from B.Pharm, M.Pharm and faculty participated in this training. The purpose of this programme was to manage stress through yoga.

The training methodology was interactive as the trainers ensured that knowledge was not only disseminated but accurately perceived and understood by the participants. And in order to ensure this, trainers engaged participants in discussions and kept the forum open for feedback, queries and suggestions. These discussions and interactive sessions were supported through training material such as power point presentations.

2. TRAINING OBJECTIVES

The objectives of this program were as follows:

- To attain a higher level of consciousness.
- To practice mental hygiene.
- To enable the students to have good health.
- To possess emotional stability.
- To integrate moral activities.
- To integrate spiritual ability.
- To increase concentration and self-control.
- To increase productivity in life.

3. PARTICIPANTS' PROFILE

The training participants included B.Pharm, M.Pharm students and staff members of Faculty of Pharmacy.

5. VENUE AND DATE

The training was organized at Green Seminar Hall, on 17th Jan, 2023.

6. PROCEEDINGS

Speaker: - Dr. Santosh Itraj

STRESS MANAGEMENT THROUGH YOGA.

Stress and anxiety are everywhere. If they're getting the best of you, you might want to hit the mat and give yoga a try. Yoga is a mind-body practice that combines physical poses, controlled breathing, and meditation or relaxation. Yoga may help reduce stress, lower blood pressure and lower your heart rate.

5 tips to manage stress:-

- Use guided meditation. Guided meditation is a great way to distract yourself from the stress of day-to-day life.
- Practice deep breathing.
- Maintain physical exercise and good nutrition.
- Manage social media time.

Connect with others.

REPORT ON TEACHER'S DAY

The Teacher's Day commence in the first week of 5 Sept 2022. Teacher's Day is that momentous event where students engage in unbridled capacity to show their love, adoration and respect to their teachers, the harbingers of knowledge light, in their lives.

Department of Computer Science and Engineering, YTC Satara had organized program on Teacher's day on 6th September 2022.

The chief guest was . Prof. Ajinkya Sagare, Vice- president of YSPM's Yashoda Technical Campus, Satara, and Dr. D.S. Badkar, Principal of Engineering, YTC who enthralled the students by introducing importance of the Teacher's Day.

The day was started with Saraswati Pujan and by remembering Mr. Sarvepalli Radhakrishnan on 10.30am. After that Teacher's day function was started. Students felicitate to all teachers by giving the memorable gift & bouquet. Some students gave the speech on teacher day to show their love, adoration and respect to their teachers.

Then teachers had delivered their experiences about teaching and teachers day. At the end of function presentation extended the thanks to all teachers from students for building us.

Report of Industry Visit**Industry Visit To Ayurved Arkashala SATARA.**On Saturday, 9th July 2022.

As a part of the curriculum, the students are required to undertake Industrial Visits to industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications to curriculum. So as part of college activity, the college has organized industrial visit to Ayurved Arkashala Ltd. situated at Satara on 9th July 2022. Total 56 students of second year B.Pharmacy and 3 Faculty were present for this activity.

The Ayurveda Arkashala Ltd. was established in 1926 by Late Shri. Dr. M.N. Agashe, a devoted worker of Ayurveda. Although, he was Graduate of Allopathic medicine, he had a keen interest in Ayurvedic system of medicine. His aim was to provide effective and reliable Ayurvedic medicines to treat common ailments with minimal side effects, at low cost. Arkashala has been engaged in manufacturing Quality Ayurvedic Products for more than 70 years as per standards and procedures prescribed in ancient Ayurvedic texts.

This activity is under the MOU between Yashoda Technical campus, Faculty of Pharmacy and The Ayurvedeeya Arkashala. Both the Parties likely enter into this MoU in order to encourage Industry Institute Interaction and to promote and develop co-operation and collaboration in project work, research, Industrial visit, Guest lecture etc.

On behalf of Yashoda Technical Campus, Faculty of Pharmacy, The Activity is coordinated by **Ms Triveni kadam, Amita Yadav, Vishal Mohite**, Asst. Professor, under guidance of B.Pharm HOD **Mr. A.M. Bhagwat** and Principal **Dr. V. K. Redasani**.

President Hon. **Dasharath Sagare Sir** and Vice-president, Hon. **Ajinkya Sagare Sir** congratulated and enlightened that this will act as supportive in strengthen the Industry-Institute Interaction. This will also help the students to enrich the knowledge of ancient Ayurvedic medicine and their preparation methods.

Report of Guest lecture (GPAT Cell Activity)

Webinar on Topic “GPAT – Glycoside & Resins”

Held on Friday, 24th January 2022.

GRADUATE PHARMACY APTITUDE TEST (GPAT) is a national level entrance exam conducted by the National Testing Agency (NTA) every year as per the directions of Ministry of Human Resource Development (MHRD), Government of India. The activity was arranged by GPAT cell with objective to get conceptual knowledge about Pharmacognosy. Based on this need YSPM's YTC, faculty of Pharmacy, Wadhe, Satara arranged webinar on Topic “GPAT – Glycosides & Resins”. The Lecture was delivered by **Dr. Shivkanya Fuloria**, Asso Professor, AIMST University, Malaysia, having Doctorate in Pharmacy with 19 years of Teaching experience. **Dr. Sachin H. Rohane**, Assistant professor and GPAT cell Incharge had introduced the program & also had given the introduction of guest.

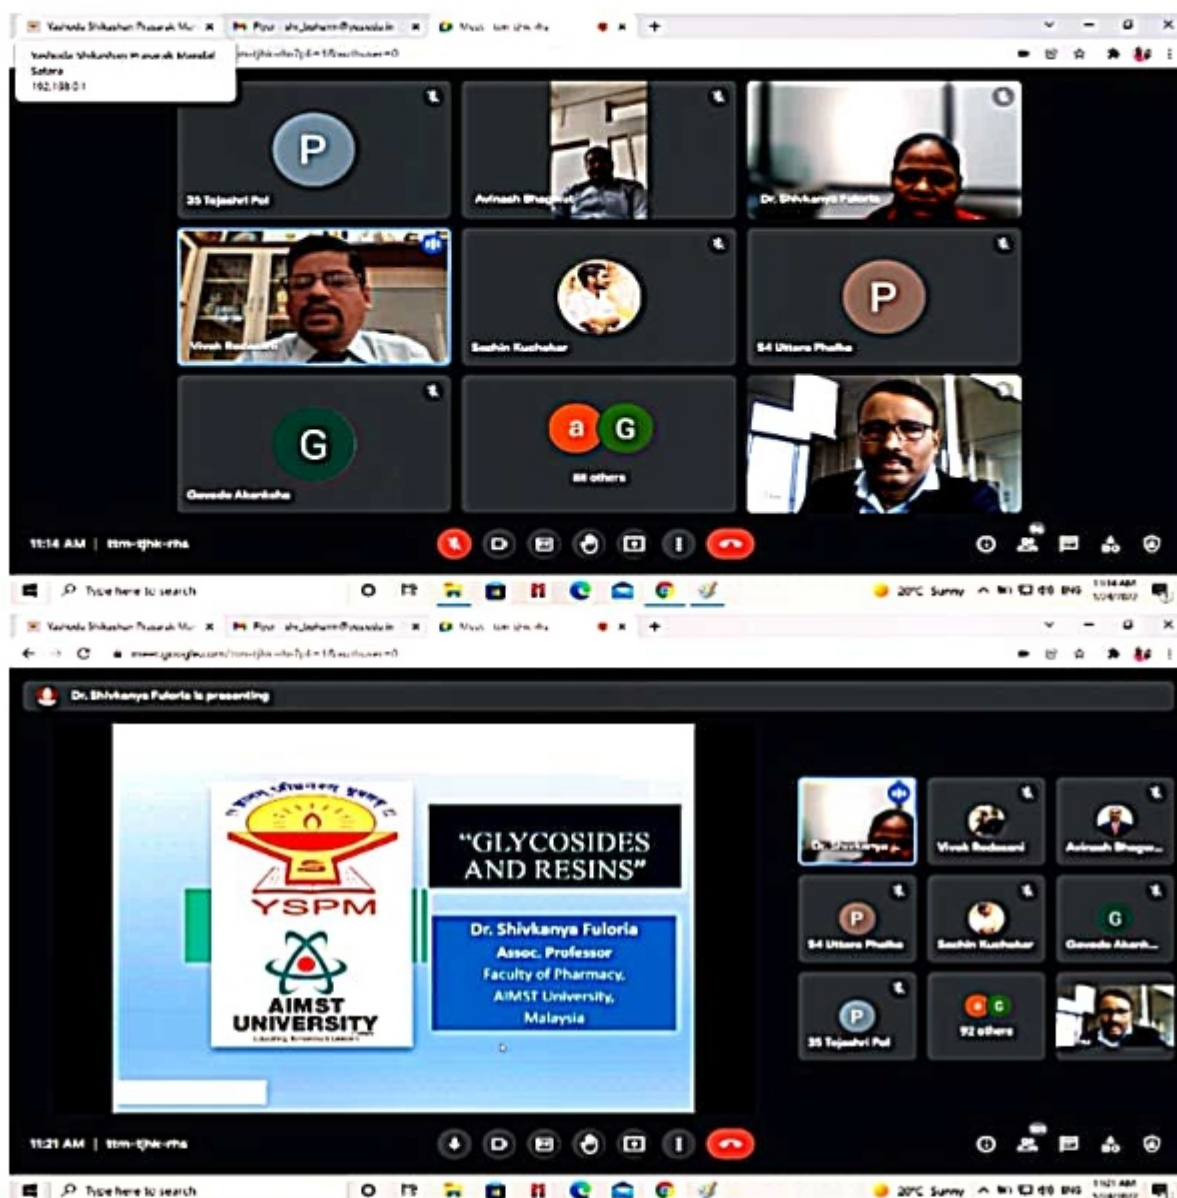

Hon' Principal **Dr. V. K. Redasani** Sir disclosed about the development of college which has taking place since last few years and also about how the contribution of faculty members towards the students has led to the increase in number of student participation in different activities.

Dr. Shivkanya Fuloria is gracious speaker and has command over Pharmacognosy, in introductory part he had elucidate importance of GPAT. Madam told deeply about ‘Glycosides and Resins. Firstly summarized about glycosides such as about classification of glycosides on the basis of pharmacological action, linkage of glycone to aglycone part, chemical nature. And then in detail madam explained about chemical test and certain drugs which are included in following classes of Anthraquinone Glycosides, Cardiac Glycosides, Saponin Glycosides, Cyanogenetic Glycosides and more. Then further Madam summarized about Resins such as about general definition of resins, properties and classification of Resins on the basis of Chemicals and on the basis of constituents and also about isolation of Resins and in between madam told certain tips and tricks that how this subject is to be studied and also told that how Questions will be asked on that particular topic. Then after the completion of the topic madam conducted formal Mcqs test on both the topics. Lastly the QnA session was held and madam cleared all the concepts and also told the tricks to crack the exam and importance of critical analysis while studying for the subject.

On behalf of Yashoda Technical Campus, Faculty of Pharmacy, The activity is coordinated by **Dr. Sachin H. Rohane**, Asst. Professor under the valuable and precious guidance of B.Pharm HOD **Mr. A.M. Bhagwat** and Principal **Dr. V. K. Redasani**.

Subject: - Regarding Permission to arrange Industrial Visit to your Dairy Plant.

Dear Sir/Madam,

With reference to above subject, Department of Mechanical Engineering of Yashoda Technical Campus, Satara wish to have one day visit under subject of Refrigeration & Air Conditioning Lab (T.Y. B. Tech Mech.) to your industry as a part of curriculum and student development.

The details of the visit are as mentioned below.

Experiment details-

- Field visit to Central Air-conditioning plant/Ice plant/Refrigeration plant. (T.Y. B. Tech Mech.)

Total strength wish to visit the industry is 57

No of students: 55 (T.Y. B. Tech Mech.)

No of Staff: 02

It will be fruitful if you permit us a visit our students at your Dairy Plant.
Waiting for your favorable reply.

Thanking You.

Two days' Workshop on PHP

MCA department organized PHP Web Development seminar for their students to develop PHP programming skills, Web development workshop using PHP for the MCA, CSE students. As a beginner, the students should get hands on practice in PHP and MYSQL. When it comes to web development, PHP is one among the most favored language among developers. Here at YSPM, We provide basic coding exposure to our student's right from the first year.

PHP web development was a two days session. First day Ajinkya Sir taught to PHP language and how to installed Xampp Server and how to work on the Xampp server. He started from the basics in PHP and gradually advanced the technicalities in the subject. The syntax and the formation of various functions were taught by Sir.

Working with web development languages has increased my interest in them, hence prompting me to transfer to the web design and development session at my college. The session was amazing; we understood the all critical concepts and programs. Students loved the session and the doubts were also solved accordingly. The hands on were also enlighten to the students.

One Day Workshop on

Data Science Using Python

MCA department had organized an Online One day Workshop on Data Science Using Python via Google Meet on 26th and 27th November 2021 from 2-5pm. This lecture explored the power and simplicity of python & data science.

Speaker of the Guest Lecture: - Dr. Chetan Shelke

Designation: - Associate Professor, Alliance University, Bangalore

Workshop Contents :

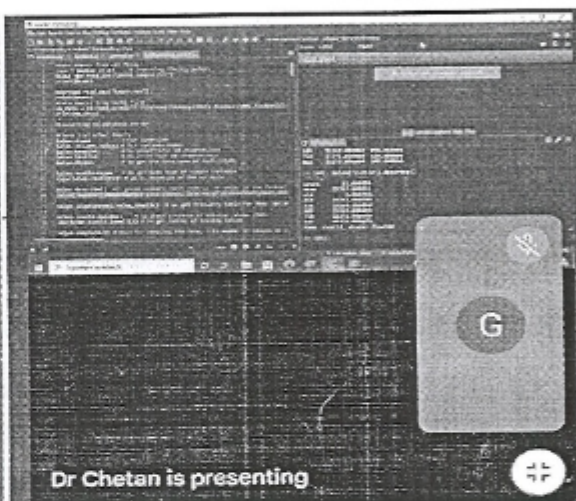

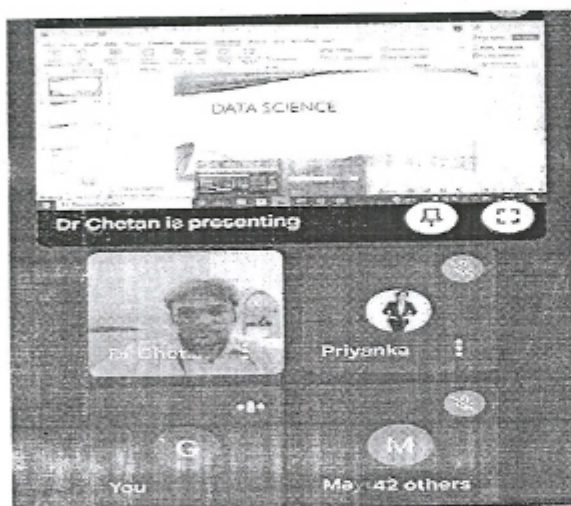

MCA department had organized an Online One day Workshop on Data Science Using Python. Prof. P.S.Gade welcome the guests, faculty members and students and introduced our guest lecturer Dr. Chetan Shelke Sir, who works as an Associate Professor at Alliance University, Bangalore inaugurated the workshop , also motivated the students with his speech and explained that these kind of workshops are beneficial for their upcoming placements and technical knowledge. He delivered his lecture on Python language also explaining the wide area in which the language can be used and its range of application. He extended its application and use in Data Science and how this new technology is occupying the whole industry and all sectors.

Dr. Chetan Shelke Sir, began with introducing the Python languages and clearing the basic concept. With the help on Anaconda he gave hands on practical to students while explaining many concepts of Data Science. He gave hands on practical with help of following libraries.

- Pandas - Used for structured data operations
- NumPy - A powerful library that helps you create n-dimensional arrays
- SciPy - Provides scientific capabilities, like linear algebra and Fourier transform
- Matplotlib - Primarily used for visualization purposes
- Scikit-learn - Used to perform all machine learning activities

This workshop was appreciated by all the students as they were able to add another programming language in their technical skill set. Finally, the session was concluded and Prof. P.S.Gade Ma'am gave vote of thanks and the session ended.

Report on Design Thinking Competition

Date: 26/03/2022

MCA Department had organized Design Thinking Competition for MCA I students on 25th March 2022 from 10-5 pm. The competition was organized in order to enhance the interpersonal, communication and leadership skills.

MCA Department has organized Competition on Design Thinking for the students of MCA I with a view of developing and enhancing their leadership and inter-personal skills. Prof. P.S. Gade Madam welcomed all students and gave an introduction and brief about Design thinking to students. The competition included some real time and trendy and fast growing topics like E-commerce, E-banking, Digital Media Marketing, etc.

The main focus was to allow students to go through various phases of Design thinking i.e. to Emphasize, Ideate, Define, Prototype and Test, Marketing the product or services that have designed. They created charts, Pamphlets, Digital card to showcase their product/ services. Implementing such things made the competition quite challenging. There was a cutthroating competition within the teams while pitching their product. The strategies they used were actually brain-storing. Students gained a lot of knowledge through this session.

- Topics like digital marketing, e-commerce, e-banking, food chain services, quick service restaurant services made the students to gain a detailed study about the topic provided.
- Students created a prototype of their product designed their logo which was quite unique, gave tagline to their company and also gave a suitable Name for their company.
- They defined the objectives, features and services.
- They also showcased their skills in delivering and marketing the product.

Report On Zensar Training

Date: 12/8/2022

MCA Department and Training placement cell has organized the Zensar aptitude test for the students of MCA on 11th August 2022. This session includes the most probable approach for placement in accordance of internship also those students got selected in this aptitude will get the training from Zensar for up to 5 months. Mr.Tushar Shende has been thoroughly involved in this activity he has given the best approach for the students as everyone should get placed in well reputed company.

Dr.Sunita Jadhav HOD of MCA department has taken initiative to become succeed in this activity, Prof .Pranjali Gade being TPO head of MCA department along with Prof. Vanmala Kadam, Prof.Snehal Jadhav taken initiative to make aware to our students regards all the registration and afterwards activity.

Features of Zensar Course Are as follows:

Zensar ESD (Employability Skill Development Programme)

Zensar Technologies Ltd conduct "Employability Skills Development" (ESD) training for final year Computer & Information Technology students with objective to develop effective verbal and non-verbal communication skills, to help them experience corporate needs and how to meet them through team effort and out of the box thinking, to strengthen the capabilities of student interactions with corporate personnel. The training is divided in two modules. First module covers Basic programming concepts of JAVA & SQL and soft skills. Second module covers advanced JAVA programming.

Objectives

- To enhance communication and behavioral skills
- To strengthen the capabilities of student interactions with corporate personnel
- To create awareness about the latest updates and hands-on experience of Java and SQL
- To increase capacity to adopt new technologies and methods

Outcomes

- Enhancement of communication and behavioral skills
- Strengthening student interactions with corporate personnel
- Creating awareness about the latest updates and hands-on experience of Java and SQL
- Adopting new technologies and methods used in ZenSar Technologies Ltd.

In all registration phase almost 64 students have registered for the TCET Zensar. In that 28 MCA-I year students are selected for the course. The aptitude has taken in an online mode. Selected students are as follows:

- 1) Sagar Khot
- 2) Sushant Gandalwar
- 3) Shivani Chougule
- 4) Harshal Patil
- 5) Akshay Sankpal
- 6) Nilam Shinde
- 7) Priyanka Pawar
- 8) Dattatray Gund
- 9) Rajesh Suryawanshi

Report On MOU with Emission Miracle

Date: 18/8/2022

MCA department alongside Central Training Placement cell of Yashoda Technical Campus has organized the MOU with Emission Miracle Solutions Pvt.Ltd Satara on 17th August 2022. In accordance to happen this MOU, HOD of MCA Department Dr.Sunita Jadhav has taken an initiative and efforts to make successful this activity. Central Training and Placement Officer Mr.Tushar Shende Sir has collaborated with MCA department for this wonderful activity. Alongside all the faculty members of MCA department has also gave their best to make happen this activity beautifully.

The Emission Miracle is the small scale company in Satara . The C.E.O of Emission Miracle Mr.Amitkumar Bote Sir has supreme knowledge of trending areas in IT also He is well experienced in what today's technology depends upon and accordingly how should students will tackle the upcoming situation of unemployment its very helpful to the students to being an independent individual.

He has well knowledge of certainty of students attitude about MNC's so that He has given well ideology about the Small Scale Company and MNC's, i.e. if the students will work in small scale companies they will well equipped with technical knowledge and utmost quality. Also this internship will make our students bright in their futuristic activities.

He has explained how to train our students some of the students still didn't know how the today's scenario of IT sector, so Sir has mentioned that they will give the attention on each and every student particularly so that this will help them to conquer their doubts in very well manner.

Also sir has given the full brief mechanism of being an intern is the most important responsibility before step ahead as an employee. So all we thought is the it's the best tie up with Amitkumar Bote Sir and also TPO Mr.Tushar Shende Sir has prominently took major initiative to let this MOU happened.

Report on Artificial Intelligence Webinar

Date: 27-28/06/2022

MCA Department had organized a webinar on Artificial Intelligence for the students of MCA. Artificial Intelligence is one of the most emerging trends in the field of Information Technology. Therefore it becomes necessary for IT students to learn the aspects of AI. A total of 93 students were present for the Webinar. The session was conducted in virtual mode via Microsoft Teams on 27-28 June 2022.

Guest Speaker: Dr. Vinay Jain, Associate Professor, MIT-WPU, Pune.

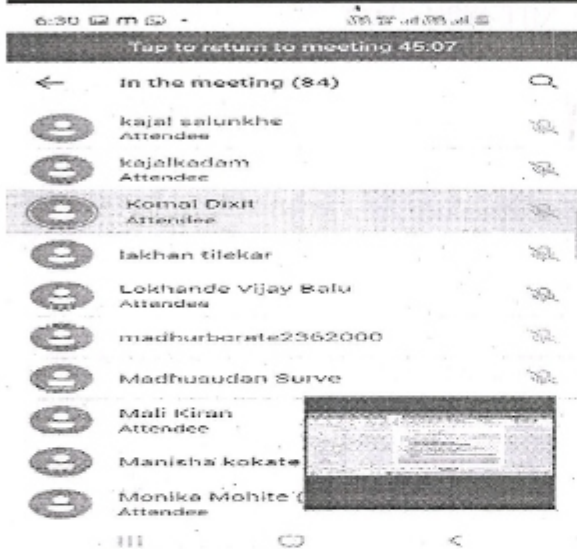

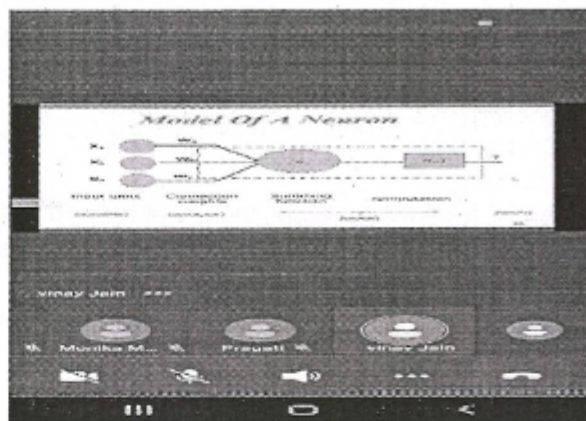

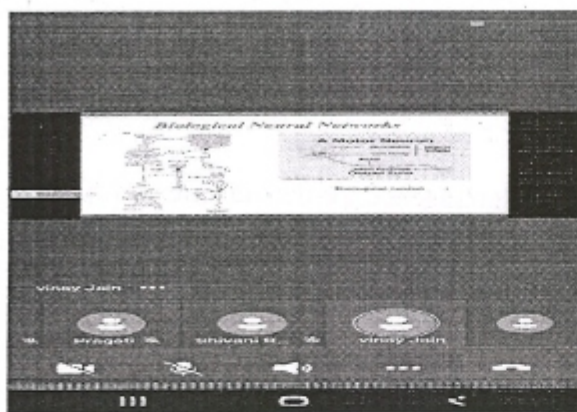

Prof. S.S. Jadhav Madam welcomed the Guest speaker and the session began. Dr. Vinay Jain is an expertise in Artificial Intelligence and Machine Learning and is working and studying in the same domain full time. While addressing our students Dr. Jain began with concepts of Soft Computing and Hard Computing; it's applications. He explained the Genetic algorithm which is one of the applications of Soft Computing. The neurology and how the neurobiology is used as a reference in Artificial Intelligence were explained by various real time examples.

Dr. Vinay Jain Sir has also elaborated the concept of mutation, Roulette Wheel Selection also briefly given the discussion about the Crossover concepts in Artificial Intelligence. He have also put the prominence in order to selection chromosomes, encoding methods and genetic algorithms. Sir have given the deep discussion about the stopping criteria and also elaborated fantastically about the problem solving techniques

Further he explained the fuzzy variables, Fuzzy Logic, Artificial Neural Networks, biological Neural Networks, Recurrent Neural Networks, etc. The human brain and gaining the similar intelligence to our machines is always been a challenge and how IT people are able to implement the similar intelligence in machines were explained thoroughly by Dr. Jain.

It was a very informative session where students could understand the various trends in Artificial Intelligence, and as we all say, how far science has reached. The students were astonished by the same. At last he has briefly solved the queries of our students as our students also graced with the supreme knowledge and evolution of Artificial Intelligence. Afterwards the HOD of MCA Dr. Sunita Jadhav Madam have given the thank you speech as she has also motivated our students and feel free them to ask their doubts accordingly. It was an interactive session. Students were very happy by this session.

**Expert Lecture on
Guidance for NBA Process**

MCA department had organized an Expert Lecture on NBA Process on date 28/05/2022 at 10.30 am in YTC campus. This lecture was focused on information of prequalifier, preparation of various documentation files related with different criteria, eligibility process of NBA, Filling SAR, and all. The session was conducted in Online mode via Microsoft Teams.

Speakers of the Session: -

1. Dr. Suhasini VijayKumar, Principal, BVIMIT, Navi Mumbai
2. Dr. Jyoti Kharade, Associate Professor, NBA Head, BVIMIT Navi Mumbai

Session Contents:

The session was conducted in YTC campus. It was a 2 hours session, where the speaker Dr. Suhasini VijayKumar and Dr. Jyoti Kharade enlightened our faculty members on the NBA Process. Prof. Pranjal Mam welcomed our speakers and our Campus Director Dr. R. K. Redasani Sir introduced them and the session was started then. A total 10 faculty members from MCA and MBA attended the lecture.

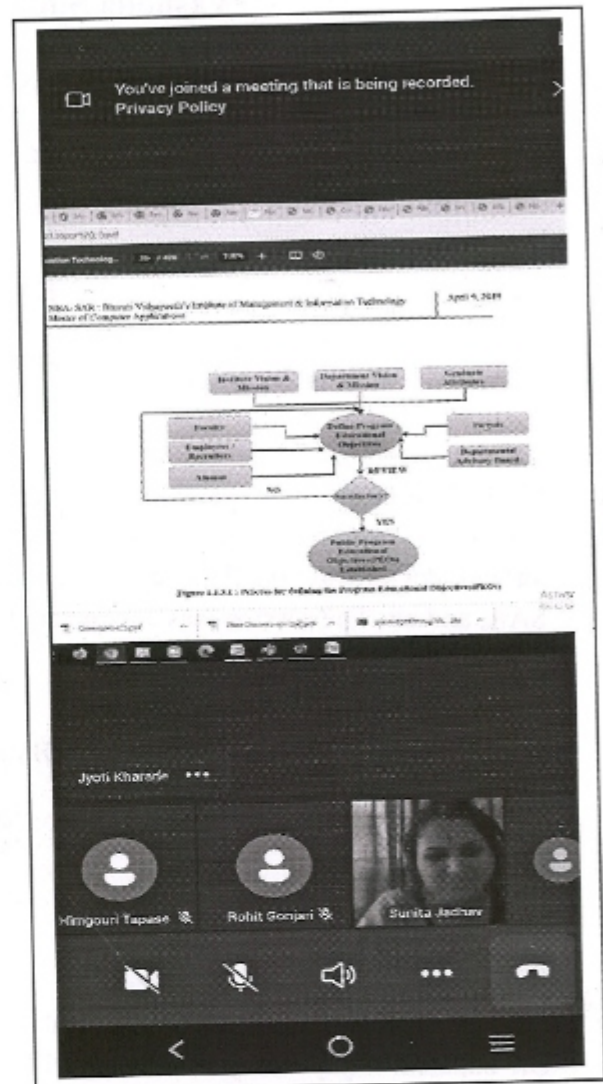

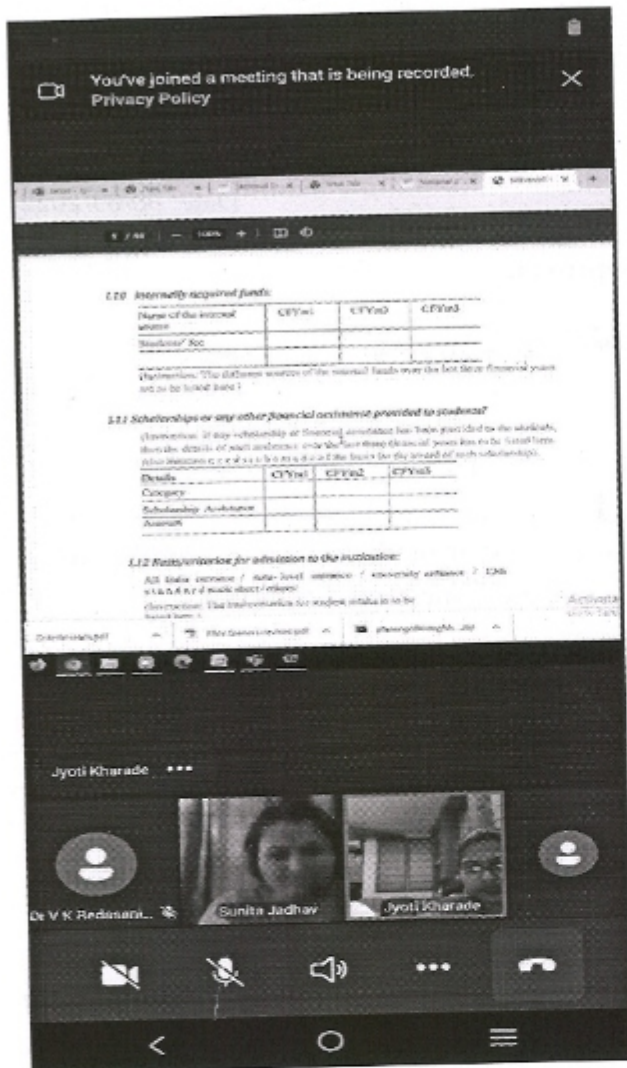

During the Session, attendees shared questions, queries and doubts with speakers. There were very big discussion on MCA prequalifier and filling SAR for NBA. Faculty members discussed difficulties faced during handling criterias. Speakers highlighted the important points during session like CO-PO mapping, creation of course file, direct attainment and indirect attainment etc.

Dr. Suhasini VijayKumar Mam suggested for referring SAR and general guidelines on NBA website. Lastly, Prof. Pranjal Mam gave vote of thanks and session ended.

Report on Women's Day 2021-22

MCA Department has organized the Women's day program on 8th March 2022. The program was all about to feel the proud about our women who always empower themselves in their best way.

The Women's day program was held at yellow seminar hall with behalf of our throughout college. In this event the Director of our college Hon.Dr.V.K Redasani Sir, principal Dr. R.P Kulkarni Ma'am was represent themselves as a dignitary, also Barava Ma'am was our beloved guest her appearance was so natural and beautiful in our program.

Women is the ambitious she is courageous she is brave also she is strong, so after giving salute to our women the program was started. As we know recently we lost a nightingale of our nation BharatRatna Lata Mangeshkar Ji(Didi). So to salute our nations gem everyone was standup to give tribute to Lata Didi. We all are so fortunate that we got such versatile singer.

After listening Lata didi's masterpiece the program was moving ahead . barva ma'am who was the guest she gave her valuable knowledge and gives more about the entrepreneurship skills for women. She has her own products like some owned lipstick brands some skin products. She also introduced her lipstick brand which is ghee lipstick that was so trendy one. She has been so well known in industries right now.

Then program was done with thank you speech. The thank you speech is given by the Prof. P.S. Gade.

Report On Tree Plantation 2022

6/6/2022

MCA Department has organized the Tree Plantation activity in June 2022. Alongside all Yashoda Technical campus the event has been successfully completed.

Firstly the Tree plantation activity is supposed to happen to give awareness about the how our lives are worthless without the plants. The motive behind such social activities is giving the importance of plantation to each and every one. It should be our first prior duty to make a tree plantation. At least one plant yearly we are supposing to planting tree.

All the faculties alongside students have given their huge involvement into the Tree plantation. The founder of Yashoda Technical campus Hon.Dasharath Sagare Sir has given the importance of Tree plantation.

The HOD of the MCA department has given the small basics of planting a tree. She described, Now a days the trees are become the vital part of our regular life, in accordance to make our environment pure we need to plant more trees. And also the exceeding range of global warming is affect our environment into bad manner so that to cure our environment we need to plant more trees.

Students also take a pledge to plant at least 2 plants and nurture then in well manner. Also this activity is very inspiring and social so that they were so involved into it.

Report on
Blood Donation Camp in College

Yashoda Technical Campus Satara did a great initiative of organizing a blood donation camp at, Yashoda Technical Campus, Satara on 29th Apr 2022, Tuesday. The camp was organized under the NCC Unit of the college. The blood donation program was held from 10:30 am morning. All the students along with the professors were seen to take greater initiatives.

The camp started from exactly 10:30 morning with a short speech from the Principal. Felicitation was done if the guests by giving them college diary and a bouquet. Our Principal Ma'am gave the introduction. She also raised the awareness regarding the Blood donation. A group of 2 senior doctors and 8 nurses from Balaji Blood Bank were present in the campus for conducting the camp. The donors were asked to fill a medical form to give details about their health-related information. The one donating blood was taken to the relaxation room for the rest of a few minutes and given certificates and refreshments.

The college students assured that the donor card will reach the respective ones on coming dates. Also initiatives were taken regarding health issues and awareness about the same. Small acts and slogans were highlighting the event. Contribution to such social activity for the well-being of the human kind and the awareness spread due it such creates a big impact on society as whole.

Before the donation, checking weight, pressure, and body temperature were measured so that the one donating blood does have to face issues further. The program was held in the physical education room of the college campus. The efforts and enthusiasm the students showed during the camp was worth the appreciation. The camp was a big success as the Faculties, students and administrative staff actively participated in the camp.

**Report On
Covid-19 Vaccination Drive AT YTC**

In the view of Covid-19 pandemic the Yashoda Technical Campus, Satara had organized a Vaccination Drive for college students and staff in order to keep them protected from corona virus. Covid-19 Vaccination programme was organised for the students, their parents and staff members of the Yashoda Technical Campus Satara College on 30th October 2021 in the college campus from 10 am to 4 pm in collaboration with Satara Zilla Parishad, "Covid Lasikaran Mohim", Satara.

The announcement comes on the first day of re-opening of colleges after over 18 months of closure due to the ongoing Covid-19 pandemic. On the occasion, Samant welcomed the students and laid emphasis on fully vaccinating all students of 18 years of age and above.

Around 81 students, parents and staff members including teaching and administrative members, localities from neighboring areas were given Covishield as vaccine first and second doses as per their vaccination schedule. Later on they were asked to follow the suggestions as per doctor's advice. They were been given pain killer tablets and refreshment.

Mr.Uday Samant has been interacted with students from college and he said he plains to do so in about 50 colleges in the state. We knew that due to Diwali, student may want to continue online till the festivals ends and then go for online education.

This 10-50 days will be beneficial for colleges and universities as they will get time to sanitise the area and make necessary prepration, the minister added. Samant said that mind sets of student needs to change from online to offline exams now and for that offline classes must star.

Reaching out to families to encourage participation, training staff in best tactics to support student social emotional needs, implementing best safety practices, and creating a climate of fun and excitement about returning to in-person learning are all best practices to be implemented this summer.

Yoga Day Celebration

International Yoga Day is celebrated every year on 21 June to raise awareness worldwide about the benefits of Yoga in daily life. Yoga brings balance between body, soul and mind. It helps us to understand the purpose of life and how to survive in the changing environment. Today, on 21st June 2022, Yashoda Technical Campus celebrated 8th International Yoga Day. It was attended by Campus Directors, Teachers and Students from different departments with great enthusiasm.

The event began with a brief introduction on Yoga Day by Dr. Rajashri Chavan along with some prayers in remembrance on Shri Patanjali Muni. Warm up exercises were taken and all the faculties and students practiced & performed sitting and standing asanas, importance of these were explained simultaneously. All Faculties, Staff and children were taught the importance of Yoga in their life & how to maintain the harmony between body and mind. The students discussed the importance of yoga and also exhibited yoga postures and promised to introduce this activity in their daily lives.

The celebration concluded with the speech of our Dr. Rajashri Chavan Madam. She encouraged faculties and students to practice regular yoga to remain fit and improve concentration.

Contribution to such social activity for the well-being of the human kind and the awareness spread due it such creates a big impact on society as whole.

Before the donation, checking weight, pressure, and body temperature were measured so that the one donating blood does have to face issues further. The program was held in the physical education room of the college campus. The efforts and enthusiasm the students showed during the camp was worth the appreciation. The camp was a big success as the Faculties, students and administrative staff actively participated in the camp.

**Report On
Covid-19 Vaccination Drive AT YTC**

In the view of Covid-19 pandemic the Yashoda Technical Campus, Satara had organized a Vaccination Drive for college students and staff in order to keep them protected from corona virus. Covid-19 Vaccination programme was organised for the students, their parents and staff members of the Yashoda Technical Campus Satara College on 30th October 2021 in the college campus from 10 am to 4 pm in collaboration with Satara Zilla Parishad, "Covid Lasikaran Mohim", Satara.

The announcement comes on the first day of re-opening of colleges after over 18 months of closure due to the ongoing Covid-19 pandemic. On the occasion, Samant welcomed the students and laid emphasis on fully vaccinating all students of 18 years of age and above.

Around 81 students, parents and staff members including teaching and administrative members, localities from neighboring areas were given Covishield as vaccine first and second doses as per their vaccination schedule. Later on they were asked to follow the suggestions as per doctor's advice. They were been given pain killer tablets and refreshment.

Mr.Uday Samant has been interacted with students from college and he said he plains to do so in about 50 colleges in the state. We knew that due to Diwali, student may want to continue online till the festivals ends and then go for online education.

This 10-50 days will be beneficial for colleges and universities as they will get time to sanitise the area and make necessary prepration, the minister added. Samant said that mind sets of student needs to change from online to offline exams now and for that offline classes must star.

Reaching out to families to encourage participation, training staff in best tactics to support student social emotional needs, implementing best safety practices, and creating a climate of fun and excitement about returning to in-person learning are all best practices to be implemented this summer.

Yoga Day Celebration

International Yoga Day is celebrated every year on 21 June to raise awareness worldwide about the benefits of Yoga in daily life. Yoga brings balance between body, soul and mind. It helps us to understand the purpose of life and how to survive in the changing environment. Today, on 21st June 2022, Yashoda Technical Campus celebrated 8th International Yoga Day. It was attended by Campus Directors, Teachers and Students from different departments with great enthusiasm.

The event began with a brief introduction on Yoga Day by Dr. Rajashri Chavan along with some prayers in remembrance on Shri Patanjali Muni. Warm up exercises were taken and all the faculties and students practiced & performed sitting and standing asanas, importance of these were explained simultaneously. All Faculties, Staff and children were taught the importance of Yoga in their life & how to maintain the harmony between body and mind. The students discussed the importance of yoga and also exhibited yoga postures and promised to introduce this activity in their daily lives.

The celebration concluded with the speech of our Dr. Rajashri Chavan Madam. She encouraged faculties and students to practice regular yoga to remain fit and improve concentration.

Report of Industry Visit

Industry Visit To Ayurved Arkashala Ltd., SATARA.

On Thursday, 25th July 2019.

As a part of the curriculum, the students are required to undertake Industrial Visits to industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications to curriculum. So as part of college activity, the college has organized industrial visit to Ayurved Arkashala Ltd. situated at Satara on 25th July 2019.

The Ayurvedeeya Arkashala Ltd. was established in 1926 by Late Shri. Dr. M.N. Agashe, a devoted worker of Ayurveda. Although, he was Graduate of Allopathic medicine, he had a keen interest in Ayurvedic system of medicine. His aim was to provide effective and reliable Ayurvedic medicines to treat common ailments with minimal side effects, at low cost. Arkashala has been engaged in manufacturing Quality Ayurvedic Products for more than 70 years as per standards and procedures prescribed in ancient Ayurvedic texts.

This activity is under the MOU between Yashoda Technical campus, Faculty of Pharmacy and The Ayurvedeeya Arkashala. Both the Parties likely enter into this MoU in order to encourage Industry Institute Interaction and to promote and develop co-operation and collaboration in project work, research, Industrial visit, Guest lecture etc.

On behalf of Yashoda Technical Campus, Faculty of Pharmacy, The Activity is coordinated by **Mr. Sachin H. Rohane**, Asst. Professor, T&P In-charge under the valuable and precious guidance of B.Pharm HOD **Mr. A.M. Bhagwat** and Principal **Dr. V. K. Redasani**.

President Hon. **Dasharath Sagare Sir** and Vice-president, Hon. **Ajinkya Sagare Sir** congratulated and enlightened that this will act as supportive in strengthen the Industry-Institute Interaction. This will also help the students to enrich the knowledge of ancient Ayurvedic medicine and their preparation methods.

Report on celebration of National Girl Child Day

National Girl Child Day 2020: This day is celebrated in MCA department, Yashoda technical campus, Satara on 24 January 2020. Its objective is to provide maximum support and facilities to the girls of the country in every respect. Apart from this, another objective of National Girl Child Day is to raise awareness about discrimination against girls. MCA department organized various programme for celebration of National Girls child day

MCA department successfully completed the event of **Tree Plantation** under the celebration of National Girl child day on Friday, 24th January 2020, started at 10:30 am in the college premises. Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today.

The event was began with the welcoming of guest Dr.M.D.Bhosale, principal of MCA department. At that time Principal advice to volunteers to think differently for the Society to make positive changes and to make improvement, after the inspirational words of Principal we all move towards the place where tree plantation took place. A very first tree plant by Girl's student's of MCA department in college premises. Tree planted by all others including Principal Dr.M.D.Bhosale Madam, teachers and volunteers.

All were happy and experience proud after the tree plantation event was finished, because it really feels great to do positive for the nature.

To encourage student's intercollegiate **Elocution competition** was also organized by MCA department under the celebration of National Girls child day on Friday, 24th January 2020. Total 17 participants took part in the competition from different department. For the competition there were two judges

1. Prof. P. G. Borate , Civil Engineering department
2. Prof. S. H. Rohane , B Pharmacy department

Competition was started at 11:30 am and end at 02:00 pm. The students took part with great enthusiasm and it was indeed a treat to hear them come out with their unique and fearless points of view. All students of MCA department participated in the elocation event and enjoyed the day.

The topics for the competition were

- National Girl Child day.
- Save girl child.
- Empowering girls for brighter tomorrow.
- Beti bachao, beti padhao.

During the program students shared the valuable view about the girl child and also share their experience which matters very well relates with girl child and encouraged to think about life of women's and girl's.

Report on
“NATIONAL ANTHEM”

Academic year: 2019-20

Date: Daily

Time: 9.59am to 10.00pm

Yashoda Technical Campus, Satara daily runs the national anthem of India at 9.59 am. A national anthem (also state anthem, national hymn, national song, etc.) is generally a patriotic musical composition that evokes and eulogizes the history, traditions, and struggles of its people, recognized either by a nation's government as the official national song, or by convention through use by the people. The majority of national anthems are marches or hymns in style.

Jana Gana Mana is the national anthem of India. It was originally composed as *Bharoto Bhagyo Bidhata* in Bengali by poet Rabindranath Tagore. Later, it was written in *sadhu Bengali* or *tatsama Bengali* which is heavily *sanskritised*. The first stanza of the song *Bharoto Bhagyo Bidhata* was adopted by the Constituent Assembly of India as the National Anthem on 24 January 1950. A formal rendition of the national anthem takes approximately 52 seconds. A shortened version consisting of the first and last lines (and taking about 20 seconds to play) is also staged occasionally. It was first publicly sung on 27 December 1911 the Calcutta (now Kolkata) Session of the Indian National Congress.

“Independence Day”
HUMAN VALUES AND PROFESSIONAL ETHICS PROGRAM
Academic year: 2019-20

Date: 15 Aug 2019

Time: 8.00am to 1.00pm

Name of Guest: Mrs. Sadhana Sagare, Secretary YSPM YTC, Satara

To mark the 73rd anniversary of India's 'tryst with destiny' on 15th August 2019, **YTC, Satara** celebrated the Independence Day to re-experience the spirit of patriotism and to honor the glorious past of our country. The celebration began with the arrival of Mrs. Sadhana Sagare, Secretary YSPM YTC, Satara and faculty members. The Registrar was escorted by the NCC cadets to the venue following which he unfurled the tricolor.

After the National Anthem, which raised the patriotic fervor in the crowd, the event moved on with the performance of the cultural activities of CBSE school students. The students from CBSE School plays dance on patriotic songs the power of the patriotic tunes played by the Music Club inspired the audience to sing along with the glories of our country.

Thereafter Mrs. Sagare madam delivered highly motivating speech and commemorated the long and consistent efforts put in by the Indian freedom fighters for the country. The YTC campus observed this historic day with enthusiasm and revived the oath of being dutiful children to this country.

Induction Program: MCA department of YSPM organized "Induction Program" for the batch of 2019-2020 on 1st August 2019 to make aware the new student's about Institute culture and expectations of the Institute from students. Second and Third year students have shared their experience. Also all faculty share the academic schedule and subject planning.

Fresher's Day Program: MCA department of YSPM organized "Freshers Day Celebration". The program organized on 31st August 2019 Aptly called a Fresher's Party, the fascinating outcome of this event is that every "fresher" of YSPM feels like an integral part of the YSPM family. Younger and ever new to take the challenge of the year ahead. Ever fresh through the year.

Teacher's Day: Department celebrated Teacher's day on 21st September in a unique fashion. The day started with the assembly where student greeted the teachers with flowers and greeting cards. According to the planning, the students teachers led the students to classes and taught the lessons which they had prepared one day early. Meanwhile teachers were made to sit in the lecture hall to judge the lectures. The whole function was planned by students with faculty coordinators. We decided that, the responsibility of teaching is taken up by the students as an appreciation for their teachers. After that one function was arranged by students to express student's gratitude and appreciation for their teachers on this day.

Report on

“Enhance in concentration through Yoga“

Academic year: 2019-20 12/04/2019

Title of the Practice: Enhance in concentration through Yoga

Goal:

Its main goals are to maintain Physical health, mental health, Social health, Spiritual health, Self-realization of Stakeholder.

The Context:

Focus on exercise related to breathing a meditation Anulom Vilom, Dhynadharana and Clapping makes stakeholder healthier in body, mind. It also improve strength muscle tone, stamina, concentration, it built positive Energy.

A) ANULOM VILOM:

Anulom Vilom Pranayama (अनुलोमप्राणायाम) is one of several Pranayama or breathing exercise used in the practice of Hatha yoga. At first, you have to understand the meaning of Anulom and Viloma. In this, the first word Anu roughly translates as with and word Loma means hair implying “with the grain” or “natural”. And the meaning of Viloma is “against the grain.”

Anulom is opposite to Viloma. It is very helpful in respiratory-related diseases like Asthma. Anulom Vilom Pranayama is the best way of balancing the tri doses in our body. Our body gets ill when Tri doses are not in balancing position. Vat, Pitta, Kaffa knows as tri doses, Tri means “three” and the meaning of doses is impurities. All these are present in the body of every people.

We perform this activity because it helps to regulate flow of vital energy throughout the body, it links between the physical body and soul, healing physical and mental disorders.

DIRECTOR
Yashoda Technical Campus
Satara

Aim of activity is overall transformation and grooming of personality by bringing about positive attitudinal and behavioral changes. It helps to maintain harmony between sympathetic and parasympathetic nervous system. If we practice, gradually our distracting thoughts will subside and we will experience a sense of inner peace and relaxation. Our mind will feel lucid and spacious and we will feel refreshed. When the sea is rough, sediment is churned up and the water becomes murky, but when the wind dies down the mud gradually settles and the water becomes clear. In the same way, when the incessant flow of our distracting thoughts is pacified through concentrating on the breath, our mind becomes unusually lucid and clear. We should sit with this state of mental calm for a while.

Even though breathing meditation is only a preliminary stage of meditation, it can be very powerful. We can see from this practice that it is possible to experience inner peace and contentment just by controlling the mind, without having to rely at all upon external conditions.

When the turbulence of distracting thoughts subsides and our mind becomes still, a deep happiness and contentment naturally arises from within. This feeling of contentment and well-being helps us to cope with the busyness and difficulties of daily life. Much of the stress and tension we normally experience comes from our mind, and many of the problems we experience, including ill health, are caused or aggravated by this stress. Just by doing breathing meditation for ten or fifteen minutes each day, we will be able to reduce this stress. We will experience a calm, spacious feeling in the mind, and many of our usual problems will fall away. Difficult situations will become easier to deal with, we will naturally feel warm and well disposed towards other people, and our relationships with others will gradually improve.

Steps:

Step I: To stop distracting thoughts and make our mind clearer and more lucid. This can be achieved by practicing a simple breathing meditation.

Step II: We choose a quiet place to meditate and then sit in a comfortable position. We can sit in the traditional cross-legged posture or in any other position that is comfortable. If we wish, we can sit in a chair.

Step III: It is important to keep our back straight to prevent our mind from becoming sluggish or sleepy. We sit with our eyes partially closed and turn our attention to our breathing. We try to breathe naturally, preferably through the nostrils, without attempting to control our breath, and become aware of the sensation of the breath as it enters and leaves the nostrils. This sensation is our object of meditation. We should try to concentrate on it to the exclusion of anything else.

Step IV: To start with, our mind will be very busy, and it might even seem that the meditation is making our mind busier; but in reality we are just starting to notice how busy our mind actually is. There will be a great temptation to follow the different thoughts as they arise, but we should resist this and remain focused single-pointedly on the sensation of the breath.

Step V: If we notice that our mind has wandered and is following our thoughts, we should immediately return it to the breath. We should repeat this as many times as necessary until the mind settles on the breath.

DIRECTOR
Yashoda Technical Campus
Satara

CLAPPING: :

Date:12/04/2019

Aim of this activity is release stress, bringing positive energy in our mind.

Evidence of Success:

Yoga helps to reduced visual reaction time, have health promoting boosting and toning effects on central neural Structure, quantity and patterns of release of neurotransmitters and mental interaction involved in information processing thus yoga is complimentary to overall stress management, stakeholders feel fresh over day.

Following positive effects observe in stakeholder:

1. Reducing stress
2. It improves concentration
3. It encourage healthy life style
4. The practice increases happiness
5. The practice benefits cardiovascular and immune health.

Solution:

- a) Before starting the schedule of day, we isolate 15 min. especially for yoga. Teacher of first lecture is responsible for conducting this activity
- b) We know the different types of Yoga but we want to manage this activity in class room so we finalize the types of yoga which we are going to perform within class room i.e. Anulom Vilom, Dhynadharana (Meditation), Clapping in this way we overcome the problems.

Report On Industrial Visit To Mapro Foods Pvt.Ltd(Mahabaleshwar)

After receiving the permission from Mapro Foods Pvt.Ltd,Shendurjane, 78 students with 3 faculty members, one lab assistant and one puen (Mr.Teke S. R, Mr. Ware J. V, Ms. Mane K. D. Mr. Kokil M. N and Mr. Ghorpade S.S) went on an industrial visit to the **Mapro Foods Pvt. Ltd** on **1st of November 2018** We all assembled at the college at 7.30 a.m. and left the college at 8.15 am (in a Bus). We reached the company at 10.30 o'clock.

Human Resource Manager received us at the entrance and gave a brief introduction for their other departments. The visit came to an end at 1.00 p.m. We left the company premises at 1.15 p.m. It was an informative, interesting and a successful visit. For the students of F.Y.B.Tech, it was opportunity to observe practically the overall procedure of their subject areas. We express our thanks to the Principal who permitted us for organizing the visit and officials who explained the various departments.

DIRECTOR

Apart from the academic schedule of the college, practical knowledge is also an important. So, the students **F.Y.B.Tech** was taken to industrial visit at **Mapro Foods Pvt.Ltd, Shendurjane 1st of November 2018.**

After the introduction of company the official gave us the additional information about company history and background as well as about promoters. We have got all the information about the products of the company.

Overview:-

Located around the idyllic hill-town of Panchgani in Western India, Mapro Foods manufactures Fruit Jams; Fruit beverage concentrates – Crushes and Squashes; and Fruit Bars. With an annual processing capacity of around 30 thousand MT, Mapro is a market leader in Western India. The company has grown organically over the last five decades with sustained profitability. Known for its quality and innovation, Mapro has been built on its founder's philosophy of developing products that are wholesome, nutritious, value-for-money, and imaginative.

A range of nutritive, lip-smacking products:-

Mapro's portfolio of products provides a high quotient of natural fruit in the form of Jams, Fruit bars and chews, Syrups, Crushes, Squashes, and Dessert Toppings. Its range of premium products such as Thandai crush and Kesar syrup are made from the finest selection of exotic ingredients. Mapro's products are known for their wholesome taste and quality, as also their natural goodness and nutritive value. Mapro was the pioneer of fruit-based confectionery in India, with its first jelly sweets being made from fruit juices and liquid glucose. The 'Falero' pulpy fruit chews, which are better known as 'pates de Fruit' in the rest of the world – are excellent exemplars of Mapro's very own Innovation Labs. Faleros come in unique indigenous flavours that are suited to the Indian palate, like Kacchi Kairi (Raw Mango), Alphonso Mango and Strawberry.

Export:-Markets

Mapro are currently prevalent in the following countries:

• Fiji • Mauritius • Oman • Russia • UAE • Uganda • USA

Products Range of products available for exports in different variants.

Place- M.I.D.C.SATARA

Name-Water Treatment Plant M.I.D.C. Satara

Name Of Owner Of plant-M.I.D.C satara

Daily Treatment and Supply -6-7 MLD per day

Source Of water- Source of water is Krishna river satara by pump 2.5 km of source pipe distance and 200 HP pump are pumping the water 400 m³/hr discharge of water flow.

Capacity of Plant -25 MLD water treats the plant

List of various units-

- 1]Pintake chamber
- 2]coagulation tank
- 3]mixing channel
- 4]sedimentation tank
- 5]clarifier channel
- 6]filtration-rapid sand filter
- 7]chlorination tank
- 8]inspection chamber
- 9]storage tank

DIRECTOR
Yashoda Technical Campus
Satara

1]Intake chamber-Intake structures are used for collecting water from the surface sources such as river, lake, and reservoir and conveying it further to the water treatment plant. These structures are masonry or concrete structures and provides relatively clean water, free from pollution, sand and objectionable floating material.

2]Coagulation tank-Coagulation is also important in several water treatment operations. A common example is chemical phosphorus removal and another, in overloaded watertreatment plants, is the practice of chemically enhancing primary treatment to reduce suspended solids and organic loads from primary clarifiers.

3]Mixing channel-Coagulant is properly mixed in mixing channel.

4]Sedimentation tank- particles are settle down at the bottom of tank due to sp.gravity.

5]Clarifier channel- In this clarifier water is retained for sufficient period to permit the floc settle at the bottom of tank.clarifier is design same as that of plain sedimentation tank with lower detention time.

6]Filtration –Rapid sand filter- The filtration process remove bacteria, colour, odour,taste,iron, manganese which makes the water is sprinkling.

Rapid sand filter- Small particles are not removal in sedimentation tank these water gets filter through the filter and the filter water is taken to disinfection treatment .In rapid sand filter having seven type,layer of sand and gravels.

7].Chlorination tank-**Water chlorination** is the process of adding chlorine or hypochlorite to water. This method is used to kill certain bacteria and other microbes in tap water as chlorine is highly toxic. In particular, chlorination is used to prevent the spread of waterborne diseases such as cholera, dysentery, and typhoid.

8].Inspection chamber –The water tasting and checking in inspection chamber ,manhole are provided in the chamber.

9].Storage tank –water storing in the tank upto 7 MLD .This water is useable for drinking purpose.after that water distribute in MIDC area.

One Page Report of Visit at D-Mart Building

Visit Place- D-MART super market, matoshri park, satara

Visit Date:- 01st August 2018

Purpose of Visit:-

- 1) To study design of Public Building
- 2) To study amenities under Public Building
- 3) To study amenities planning as per Principles of Planning.
- 4) To Study Furniture Drawing of Public Building
- 5) To study Electric Details of Public Building
- 6) To study Plumbing Details of Public Building

In this visit students study the planning of a Public Building. In this visit students understand D-Mart Super Market building and various amenities of public building. 21st century amenities were needed to add this planning of D-mart Super market.

Student observes details of Furniture, Electrification and Plumbing unit of D-mart Super market. The concept of planning of public building student understood properly.

Outcome of Visit:-

- 1) After visit they get familiar with all the Principles of Planning.
- 2) They studied the planning of an Public Building
- 3) They studied furniture drawing of a public building
- 4) They studied electrical drawing of a public building
- 5) They studied Plumbing drawing of a public building.

**Deck Slab Bridge -Post tension /T beam bridge Visit @ Wadhe phata,
Satara - Report**

Venue:- Wadhe Phata, NH-4, Satara.

Date: 01/01/2019, Monday

Time: 11 a.m. to 2.00 pm

Dept of Civil Engg has organized our B.E-Civil Class visit to Bridges situated on Venna river near Wadhephata, Satara. This bridge is a part of Pune Bangalore National Highway (NH-4)-6 lane. This visit is necessary for introduction of understanding about bridge component & entire bridge as a subject because Design of Bridge is a subject of B.E civil class under elective head -II, from structure group of Shivaji University Kolhapur curriculum.

For this visit we 7 students from our class visited the Bridge Structure with Subject coordinator & Department head Mr. Sachin S Pawar.

Primarily all the students & staff visited the bridge situated on Vienna river & seen the 3 different bridges first of that is 1) Old Arch bridge currently it is using for approach road. 2) Deck Slab bridge (Without Prestress cable) 3) Deck slab -Post tension bridge (Pre stressing tendons used). At a point 3 Different types of bridge has present and their use in 3 different era with the continuation of human civilization. Students are really fortunate to see 3 variety of bridge at a glance. They are really understand following points with real visit.

- 1) Traffic aspect & loading classes (Class A, Class B, Class AA & Class R due to National Highway -4 (Pune Bangalore)
- 2) Width & Length of Bridge Span as per lane & IRC
- 3) Bridge Component (Foundation, Pier, Pier cap, Girders, Slab, Parapet, etc)
- 4) Method of Construction of Bridge (pretension & post-tension)
- 5) Cross Girders
- 6) Approach Slab & Earth Retention wall construction @ Abutment.
- 7) Aesthetics of Bridge Design
- 8) Human approach towards bridge area development.
- 9) Floating bodies, forces consider etc

With this all view of all bridges, Visit comes to an end & at the note on virtual thanks to all bridge engineers for their superior effort towards bridge design & provided a great path to passenger on earth.

BAI Satara Centre organizes-"RACHANA 2K19" Exhibition Visit Report.

Venue:- Satara Zilha Parishad Ground

Date: 01/02/2019, Friday

Time: 1 pm to 4.00 pm

Dept of Civil Engg has organized S.Y B.Tech, T.E& B.E Civil Class visit to Z.P. Satara ground for view & taking information from various Civil Engg related organization at BAI Satara centre organize RACHANA-2K19 Exhibition. Under the heads of introduction of various building material, Property related, building specifications & also a individual industry exposure of talking with industry experts to the students.

For this visit total 45 students from all class visited the exhibition with our faculty member Mr. Lembhe S.S, Mr.Pawar S.S, & Mr.Sutar N.B.

Students had seen the following locations (stall of various companies, firm) of Campus & taking some important information from the owner, executives& representatives from various outlets of companies/dept .that information is about making process of building development, implementation of any plan& key elements required for making building etc, they also see the various outlets of stone crusher related plant, bathing related stall , sounds (acoustic) , cement related stall as follows-

- 1) Stall of Rajesh Deshmukh & Associate (plots, flat etc related)
- 2) Stall of Metaroll steel company Jalna (local dealer- Mahalakshmi steel, Shahupuri, Satara)
- 3) Automatic gate stall
- 4) Rajtara promoters Satara stall
- 5) Skora paints stall
- 6) Shree Jang rodhak cement companies stall.
- 7) Mangalmurti developers ltd Satara
- 8) Kangralkar Associate Satara ,
- 9) Cement pipe datta industries stall
- 10) HDFC & LIC housing finance related stall
- 11) KALIKA STEEL & Bose speaker stall –Title Sponsor of the RACHANA 2K19
- 12) Visava group Ltd Stall (Working in Pune and Satara)
- 13) A.C.C cement manufactures Ltd companies Stall
- 14) Jaguar bathing Ltd
- 15) Altrabound admixture ltd stall.
- 16) G.D. Metsteel Ltd (Leading manufacturer of Rolling Steel)etc

Visit report on

“Visit to STP unit at Malkapur, Tal. Karad, Dist.SATARA”

arranged on, 11th February 2019

Yashoda Shikshan Prasarak Mandal's Yashoda Technical Campus, Faculty of Civil Engineering Wadhe Phata Satara have organized industrial visit on “STP unit at Malkapur, Tal. Karad, Dist.SATARA” on 11th February 2019 , at 02:30 pm.

The objectives of visit are to understand the basic units included in sewerage Treatment plant. Necessity, functioning, & its suitability to local society to achieve Environmental significance.

The highlights of the visit are to understand the students basic Units of STP:

Capacity- 5 MLD, primary, secondary, & tertiary process.

coarse Screen, sump , swage pumps 03 nos. storage tanks. Fine screens with manual & mechanical method, macerator, and artificial aeration tank with seeds, 02 tanks. Secondary clarifier with coagulation tank. Disinfection tank, sludge thickening & disposal. Finally taken information of drawing & design parameters Of each units. Laboratory testing of treated sewage & their acceptable values.

Students ask questions and satisfactorily got answers from Mr. TELE sir plant Engineer & prof. LEMBHE sir along with Miss Kumbhar S.B.

Student Attended T.E.CIVIL - 33

One Page Report of Visit at Malkapur ETP Unit KARAD Dist. SATARA

Visit Place- Malkapur Nagarpanchayat Malkapur Tal:- Karad, Dist:- satara.

Visit Date:- 11/02/2019

Purpose of Visit:-

- 1) To study each units of ETP.
- 2) To know adoptability of suitable treatment on municipal waste water.
- 3) To study treatability of domestic waste.
- 4) To Study doses preferred in secondary & tertiary stages.
- 5) To study necessity of unit operation & unit process.
- 6) To study & aware environmental significance of ETP/STP units.

In this visit, students study the necessity of treatment on municipal waste water. In this visit students understand primary, secondary and tertiary units. Students came to know about each unit design, doses of coagulants, microbial culture used, sludge removal & its disposal methods.

Student observes details of bar screen, macerator, grit removal, sludge removal, alum Dose finalization by Jar test, scum removal, de nitrification, sludge thickening & testing of effluent before discharge into river koyana.

Outcome of Visit:-

- 1) After visit they get familiar with all the units involved in ETP .
- 2) They studied the treatability of municipal waste water.
- 3) They understand adaptability of suitable units & their functioning.
- 4) They studied various methods of disposal of sludge & waste water.
- 5) They studied environmental significance of each unit.

Guest Lecture Report

Yashoda Technical Campus had organized Guest Lecture on **IOT (Internet Of Things) Using Python** on the date 10/10/2018 at 03:40 PM To 05:00 PM. This Guest Lecture provides IOT & Python related guidance the MCA students.

Speaker of the workshop:-Mr. Shubhjit Poddar

Designation :- Microsoft Imagin Academy, Gurgaon, Delhi

Guest Lecture Contents:-

In this Guest Lecture student will get knowledge of Internet of Things (IOT) and Basics of Python Language which are hot topics in IT and that are useful for students while working in the IT Industry.

Above Guest Lecture cover what is IOT? The Internet of things is the network of physical devices, vehicles, home appliances, and other items embedded with electronics, software, sensors, actuators, and connectivity which enables these things to connect, collect and exchange data. The Internet of Things extends internet connectivity beyond traditional devices like [desktop](#) and [laptop computers](#), [smartphones](#) and [tablets](#) to a diverse range of devices and everyday things that utilize embedded technology to communicate and interact with the external environment, all via the Internet. Then sir gave information about Python Language. Python is an interpreted high-level programming language for general-purpose programming. Created by Guido van Rossum and first released in 1991, Python has a design philosophy that emphasizes code readability, notably using significant whitespace. Afterwards sir had explained IOT using Python. Due to notable advantages of Python Language, using different packages, Python language can be easily used for developing IOT projects.

This information will be very helpful for students while face to the interview.

A Report on Tree Plantation

MCA department has organized tree plantation on 15th Sept. 2018. Firstly, the Tree plantation activity is supposed to happen to give awareness about the how our lives are worthless without the plants. The motive behind such social activities is giving the importance of plantation to each and every one. It should be our first prior duty to make a tree plantation. At least one plant yearly we are supposing to planting tree.

The HOD of the MCA department has given the small basics of planting a tree. She has explained about the importance of plantation and has motivated student to plant trees and water it every day until their academic session. And also, the exceeding range of global warming is affecting our environment into bad manner so that to cure our environment we need to plant more trees. Trees are the foremost source for producing the oxygen in environment, they help to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today.
